

# Studio Zimoun Internship

## Studio Zimoun Bern

The Studio of Swiss artist Zimoun ([www.zimoun.net](http://www.zimoun.net)) regularly offers internships to 2-3 students with a relevant background in art, architecture, design, engineering or prototyping. Studio Zimoun consists of two adjacent rooms with a total area of 110 m<sup>2</sup>. It is located in the cultural center PROGR in the very heart of Bern, only 200 m from the central station. PROGR can be defined as a cultural studio house, which offers space for more than 100 artists from different fields (graphics, design, dance, art, music, film, animation) and holds various galleries, cultural institutions, concert halls and bars.

### The internships will include the following aspects:

- Gaining work experience in an international art studio with a focus on contemporary art.
- Assisting in the development and creation of new artworks, related experiments and trial series; conducting research and construction prototypes.
- Preparing and setting up installations; dispatch and maintenance of artworks.
- Insight into management, strategies, communication and organization of the Studio.
- Documentation and archiving of artworks.

Please direct your questions and/or application to: [internship@zimoun.ch](mailto:internship@zimoun.ch)

Applications shall include information about relevant skills, interests, experience and motivation.

Preferred are internship periods of a minimum of 5 months.
